RE: Sand Beach Conservancy Pump Station

We are pleased to offer the following unit prices for the above referenced project. Per attached unit prices

TOTAL 38,100.00

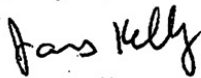

If pave patch is not required deduct 1,650.00

If setting of pumps is not required deduct 3,200.00 this would include 1 day with excavator and crew to help setting pump and valves.

The following are to be furnished by others and delivered to site by others:
Concrete structure, pumps, valves, fittings, electrical, controls, grating, top, and any misc items. Removal of the existing plug on marina side by others

This does not include engineering, staking, testing, inspections, permits, tap fees, rock excavation, utility relocation or utility protection, erosion control maintenance or removal, and electrical. We are not responsible for handling, disposal or remediation of any hazardous or potentially hazardous materials that may be encountered on this site during construction. Any excess excavation to remain on site. We appreciate the opportunity to quote you, please call if you have any questions.

Thank you,

James Kelly
